## Commodore's Corner

YAY Blistering heat YAY!

Just a reminder, as the days get hotter, be sure to stay hydrated (water). For our newer members: 1. There is an attic vent fan, it will help cool the clubhouse, (it's switch is on left side of the stove) 2. The overhead ceiling fans in the main room will help cool it down as well (switch located on the back of the light panel under the TV). Cooling down in the lake is a nice option as well.

## Social

Watch your emails. I'd like to propose a potluck on board meeting Sunday after the meeting/races. We'll be having some socials coming up, they will be added to the Wild Apricot calendar

## Clean swimming beach

You may have noticed we have been cleaning the beach next to the boat ramp. We have removed many weeds, sticks, rocks and misc. from both the shore and from the water. A sure way to survive the summer heat. Thanks to AJ, Vanessa, Brian, Dotty, Matt and any others who have helped clean up the area. Once cleanup is completed, we may add a load of sand or two, we have quite a bit.

## Ceiling fans

We have purchased three new fans for the ceiling on the patio. Thanks to Bill and Janie for getting those. We hope to have them up by this weekend. They should make a nice addition to our cooling abilities.

## Old road

David and Dotty Tyler have graciously donated two dump truck-loads of top soil. We will be using this topsoil to fill in the old road that used to run around the southside of the club. Excess soil will be used in voids where grass isn't growing around the clubhouse.

## Items around the club

We need to work on the west side and south side facing Lake Worth Sail Club signs. They are in disarray, any help or volunteers would be appreciated.

The club house and patio area is for members/guests and families. They should not be used for storage of boat parts, discarded lines, tools and sails etc.

As we have a sizeable piece of property, it can collect trash in many ways. It can wash up, blow in, fall out of your car, fall out of the receptacles, be dropped etc. Regardless of how it gets there, if you see trash on the ground, please pick it up and dispose of it properly.

Mower shed roof needs to be completed.

We need more dirt for sinkholes/pot holes, dips and other depressions.

## Security

As many of you have heard, we have had two motors stolen from the club recently. Please lock your boats\motors to help prevent theft. Both stolen motors were NOT locked to their lifts. If you see suspicious activity, please report it. If you're uncomfortable reporting it the PD or Marshal's office, please let a board member know, and we will try and assist.

## Sailing Classes

Get with Hulia for Sailing Classes on Mondays.

## Vice Commodore's Report

Summer is into the dog days. The 10 August 2019 work party should be complete by noon. The only things we're focusing on are projects that are critical enough to get you outside in the heat. We also need to get the grounds cleaned up for the two September regattas. Clean facilities make a good impression for visiting sailors and their families.

Kudos to Aaron, Bill, and Larry for their efforts keeping the grass cut this year. I suspect Aaron takes on the mowing because it keeps him out of planning a wedding. Twenty years ago I employed the "sorry honey, but I have a boat to build" strategy.

At the first of the year, Commodore Aaron and I came up with a list of maintenance and improvement projects for our club. The year is just past the half-way point and so is the list. Thank you for your help knocking off the big and small projects. This fall's big projects are replacing the rotten club house trim and starting the overhaul of the East dock.

Have you moved your wet-slip boat bow moorings to the D-rings? It's easy. It's also an excellent opportunity to replace your five year old dock lines with new ones. Most dock lines are made of nylon, which is excellent as a shock-absorber but has poor ultra-violet properties. Replacing your dock lines is much easier than dealing with your insurance adjuster when your boat breaks free in the storm.

## Painting with a Twist, August 24th

In the heat of the summer the club is putting together a cool private gathering and painting event for all to enjoy!

Event: Painting with a Twist

Location: 2605 S Cherry Ln. Fort Worth, TX 76116

Date: August 24

Time: 7:00 p.m.

Password for registration: PARTY (all uppercase)

To register, please go to <https://www.paintingwithatwist.com/studio/fortworthwest/event/2124402/> or google painting with a twist, select the Fort Worth West location, go to the calendar and find the date. You will need to enter the password to register.

The event is BYO. Some snacks will be provided. More are always welcome!

No experience is necessary. We will be guided through creating the painting step by step by an instructor. The design we will be doing are two different but complimentary pieces that can be put together to create one larger image for the couples who want to come but don't want duplicate paintings in their home. The pieces can also stand alone as independent paintings.

You can view the piece when you go to the group link on the web page.

If you have any questions, please call or text Hulia at 214.597.7981.

Hope to see y'all there!

*Julia Wayland*
