

THE TILLER

Lake Worth Sailing Club, Est. 1935
January, 2019

Commodore's Corner

I want to start out by thanking the 2018 board members for a great year. We had many successful events and work parties, the club and grounds look great! Items such as the new gate opener, new fence, sail/mower/boat shed cleanup, sprinkler system, water and electricity on the docks really improved the operations and look of the club.

I am looking forward to working with the 2019 board. I would like to give a special thanks to Gary Noyes for helping me this last weekend with the temporary wall completion, tree trimming, commodore's room roof leak repair, and fixing the club microwave.

We have a great year of sailing and social events planned for 2019. Check Wild Apricot (<https://lakeworthsailing-club.wildapricot.org>) often for updates and new events. It should be a great year! We have a ton of on and off the water activities planned for all our members so come out and enjoy our club with friends and family. I hope to see you there!

2018 Awards Banquet held at El Cerrito Mexican reataurant on December 13. Good turnout, good food and a fine way to end the year. Awards were given to race winners, outgoing officers and introduction of 2019 Board of Governors. Photos contributed by Dottie Tyler

Vice-Commodore's Report

Wow, lots of things were accomplished the last several weeks. We had an impromptu work party in December with the goal to split a winter's worth of fire wood. Goal exceeded! We had an excellent turnout and got a lot of miscellaneous repairs accomplished to boot. We couldn't have split that much wood without Ted Hubble's splitter.

Not only did you split cords of wood, twenty years of treasures were purged from the mower shed. Not quite that many years were purged from the party-storage shed and the commodore's room.

Special acknowledgements go to Larry Sallee for his back-breaking efforts with the pickaxe to dig the trenches required to make the gate openers reliable again.

Unpleasant Thing: Lately an individual is having difficulty successfully flushing their poop in the men's locker room. If it fails to flush, figure out why and fix it. Otherwise it leaves a nasty surprise for the next visitor to the Poop Deck.

Dock Improvements: You've probably noticed that the power is fully functional on both docks again. Andy Bahr led this effort. Andy has also almost completed installing D-Rings to the metal structure of the docks. The D-Rings make a more secure anchor point for your boats. It will also make it easier to maintain the docks. Next time you board your boat please check to see if you need to move

your dock lines to the new D-Rings.

Work Parties: A work party is scheduled for the middle Saturday of each month. Check the web site Events Calendar for specific dates. They always start at 9:00 AM. I understand that not all members can make every work party. If you're unable to support a scheduled event then there is never a shortage of small one or two-person jobs around the club. Next work party is Saturday 19 January 2019.

Clean up Roster: The club cleanup roster was updated for the 2019 year. You'll find a copy suitable for printing below. There is also a copy posted on the club bulletin board. Two members are listed for each week so most of us make the list twice a year. It's your responsibility to coordinate with the other member assigned to your week. Feel free to trade dates with other members. Once again, it is your responsibility to coordinate trades.

Wet Slip Assignments: I've posted a list of who's parked in each slip. Next time you're in the club house please verify that I got your assignment correct.

Slip Maintenance: Don't forget that you're responsible for maintaining your slip. Wet or dry. Are your dock lines rotten? Does the grass need mowing under your trailer? Your slip. Your responsibility.

From the Treasurer

BOLO - If anyone knows the whereabouts of the license plate for the club's committee boat trailer, please let one of the board members know. It's due for renewal this January. The plate number is 333 868H. This plate should not be used for any trailer, other than the committee boat.

NO FEES IN 2019! No changes, that is, for this new year. All fees for 2019 are the same as the fees for 2018. The only fee change in 2020 will be the increase for trailer spaces from \$10 per space to \$20.

As always, If you have not received emailed statements or invoices from lwsc76135@gmail.com, please notify me at your earliest convenience, or if you have any other concerns or questions.
